

### Audio Connectors

**Interconnect**

Versions: 2.5 mm and 3.5 mm audio standards

### Dc Power Connectors

**Interconnect**

Versions: 0.65~3.0 mm center pins

### USB Connectors

**Interconnect**

Versions: A, B, Micro AB, Micro B, Mini AB and Mini B USB types

### RCA Connectors

**Interconnect**

Versions: Single and multiple ports

### Circular DIN Connectors

**Interconnect**

Versions: Mini and standard

### Buzzers

**Sound**

Versions: Indicators and transducers

### Speakers

**Sound**

Versions: 10~305 mm diameters

### Microphones

**Sound**

Versions: Omnidirectional, unidirectional, and noise canceling

### Rotary Encoders

**Motion Control**

Versions: Incremental, absolute, and commutation

### Fans/Peltier

**Thermal Management**

Versions: Dc fans and peltier [TEC] modules

## Electromechanical Products for an Interconnected World

Accelerating technological advances are allowing individuals across the globe to connect like never before. As you work to develop tomorrow's innovative designs, we are here to support you with a portfolio of proven electromechanical components. Incorporating interconnect, sound and motion control products, CUI's Components line combines strong distribution support with a global network of engineering, manufacturing, and logistics resources to ensure your next project is a success. View our full component line at [www.cui.com/components](http://www.cui.com/components)
